

## Carolrhoda Lab and Carolrhoda Books Submission Policy

Carolrhoda accepts limited solicited submissions from unagented authors. Announcements of these “open calls” appear occasionally on the [Lerner blog](#).

Carolrhoda does not accept unsolicited submissions or queries from unagented or unREFERRED authors.

During periods when we accept submissions, you can submit by emailing a very brief cover letter and manuscript to [carolrhodasubmissions@lernerbooks.com](mailto:carolrhodasubmissions@lernerbooks.com). Please put the cover letter in the body of the email and include the completed manuscript as an attachment.

Do not include any portion of the manuscript in the body of the email. Microsoft Word or RTF files are much preferred. PDFs are also acceptable. We do not accept partials.

We do not require exclusivity, so feel free to submit elsewhere. If you accept an offer before hearing back from us, just send an email to let us know.
