

PHOTOGRAPHY SUBMISSION POLICY

Lerner Publishing Group publishes educational books for young readers from pre-K to 12th grade. We work with photographers who have imagery appropriate for children's books on varying subjects, including animals, biography, history, geography, science, travel, and sports.

Unsolicited photographer samples are accepted at all times of the year. However, we do not critique unsolicited work, and samples will not be returned. Please do not send the same samples more than once, but feel free to send new work to keep in touch with us.

Please submit samples that show visual composition appropriate for children's books. Do not send original photos. They will not be returned. Instead, submit slides, JPEG or PDF files on disk, color photocopies of full-color photo work, photocopies of black-and-white photo work, or tear sheets.

With your submission, please include descriptive information about your image collection and your usage rates. Please include with your rates the prices for clearing additional rights (i.e. print rights, electronic rights, worldwide rights, English & Spanish rights, etc).

We accept submissions by regular postal mail, UPS, or FedEx. We will not accept certified or registered mail.

Send your materials to:

Director of Photo Research
